EU GREEN SPOC - IDENTIFICATION AND MANAGEMENT OF ETHICAL AND PRIVACY ISSUES

https://campusvirtual.unex.es/ooc/?lang=en

Who can enrol in a MOOC or SPOC?

Anyone can enrol in a MOOC (Massive Online Open Courses) or SPOC (Small Private Online Courses) at the EU GREEN Alliance, as they are open, massive and online training actions in the UEx platform. All you need is a computer with an Internet connection and choose the course that best suits your interests or needs.

Co-funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Union or European Education and Culture Executive Agency (EACEA). Neither the European Union nor the granting authority can be held responsible for them.

How do I register for a course?

To register for a course, the first thing you have to do is create your user account on the platform. To do this, there are two options:

1. If your e-mail account is from a public institution linked to eduGAIN (all EU GREEN Universities except University of Oradea that is on-going for join it), Gmail or Microsoft, you can access the platform using your own credentials, as your user account will be created automatically in the system. To do this, click on the "Log in" button in the top right-hand corner, enter your e-mail address in the window that appears and, once again, click on the "Log in" button.

2. If you have an e-mail account other than those indicated in point 1, you must follow the steps below:

- Click on the "Log in" button that appears in the top right-hand corner of the platform. In the new window that opens, enter your email address and click on "Log in".
- Once you have done this, the option "Create a new account" will be displayed.
- Verify your age and origin.
- Fill in the different fields that are displayed and click on the "Create account" button.

Once you have created your account, you must log in to the platform and click on the "Enrol me" button of the course you are interested in.

How do I log in to access my course?

Click on the "Login" button in the top right corner of the screen and enter your username and password. Once you have logged in, from the "My courses" panel you will be able to see the MOOC or SPOC you have enrolled in.

Remember that, in the case of MOOCs, these courses have a specific start date, so it will not appear in the "My courses" panel until that time.

When can I take the course and what is the workload?

MOOCs are tutored courses, so the opening of each new edition will be agreed with the teaching teams. You can check the dates when they will be available, their objectives or contents, and the workload, by consulting the file of each MOOC. You can also find out about all our news through the X account (formerly Twitter): @ProyectoMoocUEx.

Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Union or European Education and Culture Executive Agency (EACEA). Neither the European Union nor the granting authority can be held responsible for them.

SPOCs are non-tutored courses, which are developed in the self-training mode, so registration is open throughout the year, and you can start your course when you are most interested. In each SPOC file you can consult the objectives or contents of the course, and who it is aimed at.

Will I get a certificate at the end of the course?

Yes, once the course has been successfully completed, the Diploma of Achievement can be downloaded by the student.

I have technical problems, who can I contact?

If you have any technical problems and you have not found an answer in this space, you can contact us by email at mooc@unex.es.
