Dear all,

The main event for our work package this month was the second staff week that took place last week in ATU, Ireland. This edition gathered 100 dedicated people that connected during formal and informal times, participated into brainstorming sessions, and planned the next steps for our alliance. We are grateful for your participation and fruitful contribution. This June issue of the newsletter allows you to catch a glimpse of the material used in Sligo, Ireland for discussion.
Once more, thank you all for your contribution to the work package, and see you soon online or in person !
Best,
Work Package 3 Team
